Of Pakistan Society Of Cardiovascular & Thoracic Surgeons

Organized By Punjab Institute Of Cardiology, Lahore

12th-14th October, 2017

Venue: Pearl Continental Hotel, Lahore.

Date: 12th to 14th October

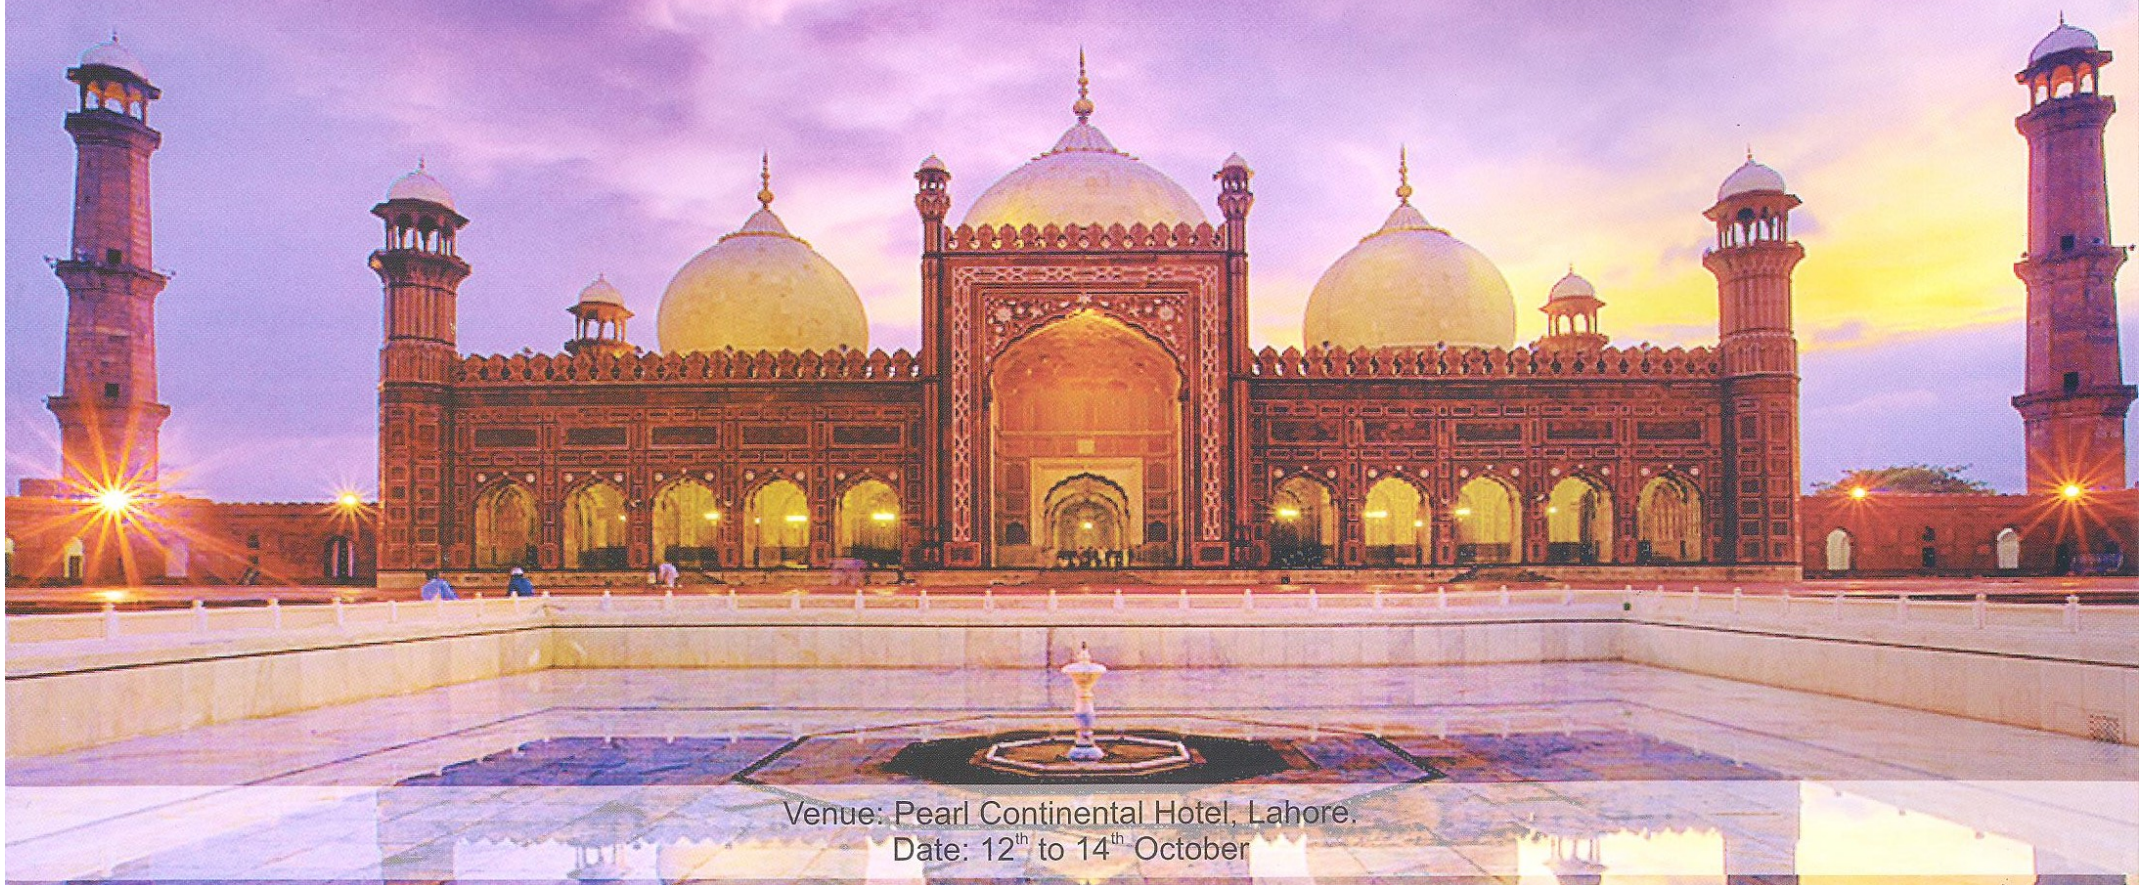

Final Announcement And Programme

10th Biennial International Conference

Of Pakistan Society Of Cardiovascular & Thoracic Surgeons

Organized By Punjab Institute Of Cardiology, Lahore

12th-14th October, 2017

Venue: Pearl Continental Hotel, Lahore.

Date: 12th to 14th October

History Of PIC

The Punjab Institute of Cardiology, established in 1989, is the first Heart Institute in the Punjab province. It aims to provide excellent care for all types of heart diseases. A large group of well trained adult & pediatric cardiologists, cardiac surgeons and cardiac anesthesiologists, who had their training and working experiences in Pakistan and abroad, together with our well-trained and experienced nurses, technicians and other medical staff, provide 24-hour care for all heart diseases. It was established in response to the acute deficiency felt for comprehensive care of cardiac patients. Originally named as "CARDIAC CENTRE", its foundation stone was laid by Lt. General Ghulam Jilani Khan (Late), the then Governor of Punjab, on November 10, 1984. The hospital was later inaugurated by Muhammad Nawaz Sharif, the then Chief Minister of Punjab, on October 15, 1988. In patient was commissioned on October 5, 1990 whereas the first open heart surgery was performed on October 9, 1990.

Messages

**10th Biennial International Conference 2017
&
Lahore Heart Summit 2017**

Welcome

On behalf of Punjab Institute of Cardiology, Lahore, I welcome all the distinguished participants including local and foreign delegates, to the **10th Biennial International Conference of Pakistan Society of Cardiovascular and thoracic Surgeons and Lahore Heart Summit '17**

Cardiovascular disease remains the single leading cause of death on a global basis whilst also causing chronic disability in a sizeable section of the society. Unfortunately the focus of this epidemic is now shifting towards the underprivileged communities of economically deprived nations. This disturbing trend is multi-factorial in origin, tobacco usage, urbanization, and resulting unhealthy diet with sedentary lifestyle being listed as the main underlying causes. Awareness about this disease in South East Asia is quite limited and preventive efforts are ineffective, mainly due to illiteracy and poverty. Treatment of affected individuals remains a costly and lifelong affair with resulting drain on limited public funds.

The organizing Committee of the **10th Biennial International Conference of Pakistan Society of Cardiovascular and Thoracic Surgeons and Lahore Heart Summit '17** deserves special credit as the entire team has been working hard to bring together eminent international experts and local faculty of Cardiology and Cardiac Surgery, the purpose being to discuss new trends in treatment as well as utilization of latest therapeutic modalities according to local requirements and resources. This will help in educating local physicians about latest guidelines for management of clinically complex and challenging patient subsets. The contribution of medical industry to this noble cause is also commendable.

I would like to extend warm wishes to all the distinguished delegates and hope that they have an academically fulfilling time in Lahore

PROF. DR. NADEEM HAYAT MALLICK
MRCP(UK) FRCP(London) FRCP(Edin) FCPS (Cardiology) FACC
Chief Executive
Punjab Institute of Cardiology, Lahore

PRESIDENT PAKSCVTS

Dear Friends & Colleagues.

I would like to extend a warm invitation to you to participate in 10th Biennial Meeting of PSCVTS on 12th to 14th Oct 2017 in Pearl Continental Hotel Lahore.

This Academic event is zealously organized by Punjab Institute Of Cardiology Lahore under proficient guidance of Prof Nadeem Hayat Mallick Chief executive of PIC and Prof Aftab Yunus as convenor of conference.

This Biennial event was supposed to be held in April 2016, but due to early retirement of Prof. Dr. Abdul Waheed it was delayed for one year. With the aim to share and exchange knowledge and experience the organizing committee has invited distinguished Cardiac surgeons, Anesthetist and Perfusionists from all over the country and abroad on this occasion. We will also share our knowledge with renowned Cardiologists who are intimately related to our surgical field and help us whole heartedly.

There will be something of interest for everyone attending this program.

This conference is designed for Cardiac Surgeons, Cardiologists, Anesthetists, Perfusionists, Cardiac Nurses, Physicians, Assistants, Residents and other health care professionals involved in the care and treatment of patients with cardiovascular diseases. This activity is approval for CME credit hours as well.

In addition to scientific and educational experience, I hope that you will enjoy the hospitality, enthusiasm, dedication, delicious foods and colorful culture of Lahore during your stay at PC Hotel Lahore.

Throughout this conference I request you to stay engaged and helping to keep us proactive to shape the future of PSCVTS.

Profound regards,

Gen Asif Ali Khan

Message from President PCS

I am glad that Punjab Institute of Cardiology Lahore are organizing the Cardiac summit in Lahore ,which like the previous moots organized by them in collaboration with Pakistan cardiac society will be participated by the leading cardiologists and physicians from all over Pakistan and summit will provide them with the opportunity to acquire updated knowledge in this highly specialized field. There will be interaction and exchange of ideas to find ways and means to combat the rising incidence of cardiovascular diseases in this country .Although public and private sector is committed in improving primary health care facilities on the one hand and providing incentives for establishing centers of excellence in the cardiology field on the other hand but the treatment options are changing so fast globally that keeping pace with the latest developments has become very difficult here . I am sure this conference will bring latest knowledge in understanding of the cardiovascular diseases and care of the cardiac patients particularly those who are not privileged to have easy access to expensive modalities of investigations ,therapy and surgery for cardiac ailments , certainly stimulating a beneficial experience for the participants.

I hope the summit programme will be stimulating and beneficial experience for the delegates and they will enjoy the lovely surroundings of Lahore and the hospitality of all the workers of this conference of cardiology .I wish the organizing committee well and hope that conference will attain all the goals.

PROF KHALIDA SOOMRO

President Pakistan Cardiac Society .

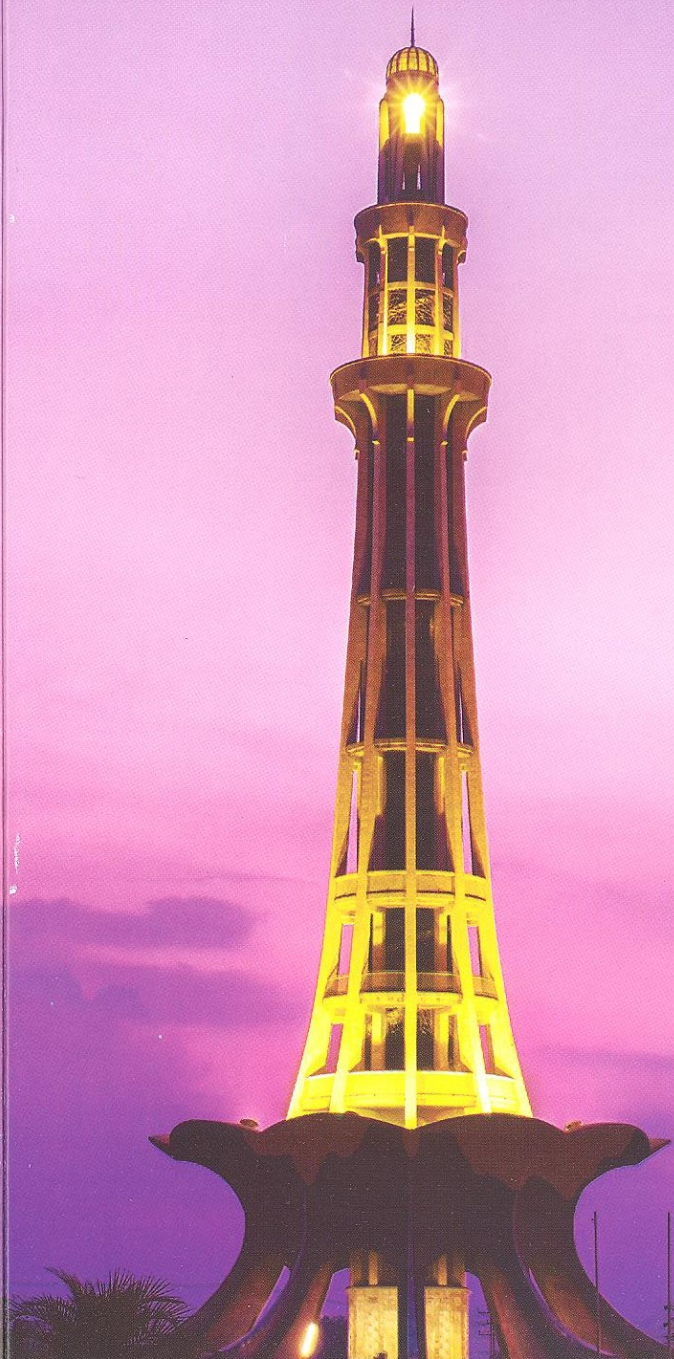

Message from Patron

It is my pleasant duty to invite you all to the 10th Biennial International Conference of Pakistan Society of Cardiovascular and thoracic Surgeons and Lahore Heart Summit '17, in the historic city of Lahore from 12th - 14th October 2017 in Pearl Continental hotel Lahore. The average temperature in Lahore at that time will be around 36°C. Lahore is famous for its historical places showing Mughal and British architecture. Lahore Museum National College Of Arts and Punjab University are all located on the Mall with Kim's Gun in the center at Istanbul Crossing. Lahore is also well known for its eatery

places and food streets.

As for the conference we have tried to arrange speakers from all over the world to talk on latest trends in surgery for Ischaemic heart disease, Valve repair, Congenital heart problems, ECMO, VAD devices and Cardiac transplant. There are pre conference workshops in Aortic root surgery ECMO, LVAD, RVAD, Interventional Cardiology and Electrophysiology. Cardiologists, Cardiothoracic and vascular surgeons, ICU specialists, Perfusionists, & ICU nurses will have a unique opportunity to exchange ideas with colleagues from south east asia , China, Japan, Australia & explore opportunity of training in more advanced centers of the region.

Prof. M.A Cheema

Messgae from HOD Cardiology

I extend a warm welcome to all the participant of 10th Biennial International Conference of Pakistan Society of Cardiovascular and Thoracic Surgeons and Lahore Heart Summit 2017.

I am greatly honored that my distinguished guest, from within and outside Pakistan, have taken time from their busy schedules to participate in the exchange of information and technologies.

It is an alarming fact, that over recent years we have been receiving patients of cardiovascular disease belonging to a much younger age group from what we encountered 8 to 10 years back. It is a very disturbing reality at home and abroad. Even though the precipitating cause have been identified as environmental, dietary and increasing stress, we as cardiologist have a daunting task in dealing with disease and with their causes, simultaneously promoting preventive measures against all odds rampant in the society.

I would like to thank the organizing committee which has made it possible for all of us to meet at this forum. I hope we all benefit from this rendezvous and simultaneously enjoy the beautiful and historic city of Lahore.

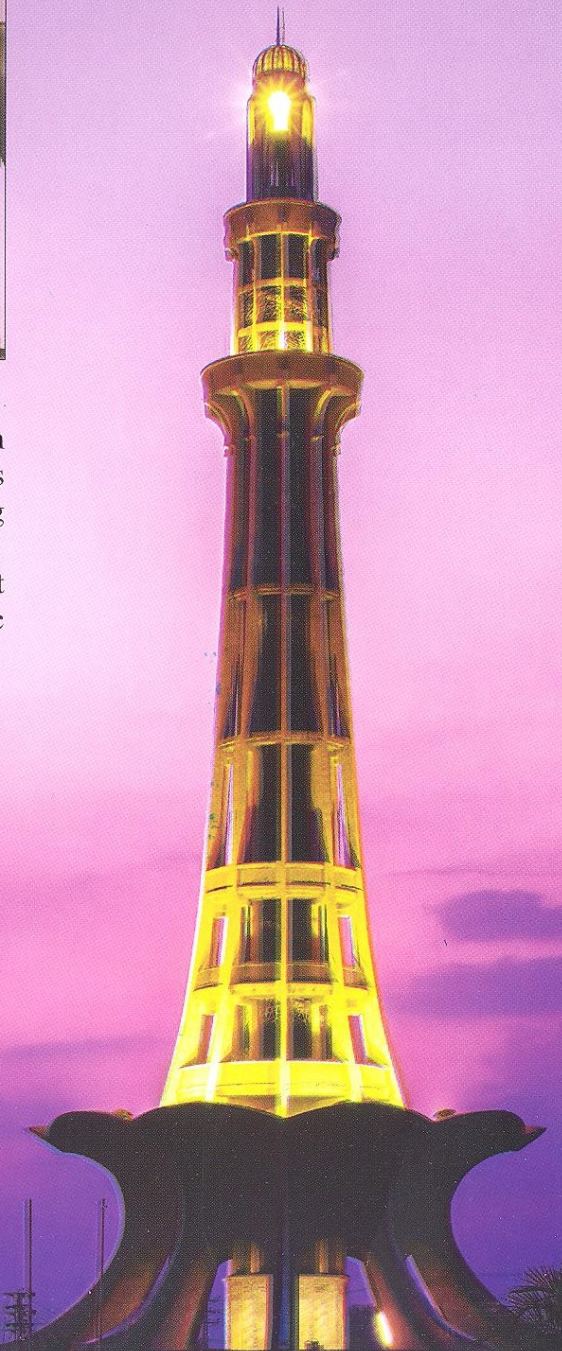

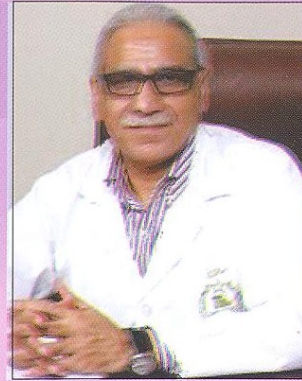

PROF. DR. Shahid Amin Khawaja

MRCP(UK)

Professor of Cardiology

Head of Cardiology Department

Punjab Institute of Cardiology, Lahore

Message from the Convenor

On behalf of the organizing committee, it is a great pleasure and honour for me to welcome you all to the 10th Biennial International Conference of Pakistan Society of Cardiovascular and Thoracic Surgeons & Lahore Heart Summit 2017, as it is the largest event of its type in the country. This conference provides a unique opportunity to discuss in an academic setting, the latest developments and cutting-edge topics in the field of Cardiovascular and Thoracic surgery. The programme that follows comprises a number of seminars, live cardiac surgery, interactive sessions, workshops and scientific papers covering virtually every aspect of speciality. We also have the distinct honour of having some of the very distinguished speakers from all over the country participating in the conference. I am sure this event will be of great help to meet future challenges in rapidly advancing field of cardiac surgery.

In addition to the academic activities, this event provides a great opportunity to socialize with friends and acquaintances. Rest assured, different hospitality suites in the premises of the exhibition area will provide a great meeting point for this purpose. I hope you will thoroughly participate and enjoy this academic extravaganza, Lahori food and colourful culture. I wish you a very happy stay at Lahore.

Professor Dr. Aftab Yunus

Conference Convenor

Pakistan society of Cardiovascular and Thoracic Surgery 2017

Messgae from Chairman Scientific Committee

It gives me immense pleasure to welcome all participants of the 10th Biennial International Conference to the city of Lahore. This is an honour for us to host this international conference to address the most important and challenging issues of development of Adult and Paediatric cardiac surgery in developing countries. We intend to provide a platform to discuss the problems and issues faced by cardiac surgeons of this continent who have come to attend this conference.

We have arranged live cases to be transmitted to the conference venue for the delegates attending this meeting, this will serve as a platform to learn advanced technology and latest techniques in the field of cardiac surgery.

Surgeons coming from different countries will have an opportunity to listen to the experts in the fields of Cardiac, Thoracic and Vascular surgery. The conference workshops and scientific sessions are an effort to update the participants of the recent advances in the field of Cardiovascular and thoracic surgery.

Furthermore we have a very elegant faculty coming from abroad, most of them are renowned personalities. We have arranged state of the Art lectures to address the current issues in Cardiothoracic and vascular surgery. Special emphasis has been devoted to ECMO and Cardiac surgery Advanced life support in this conference.

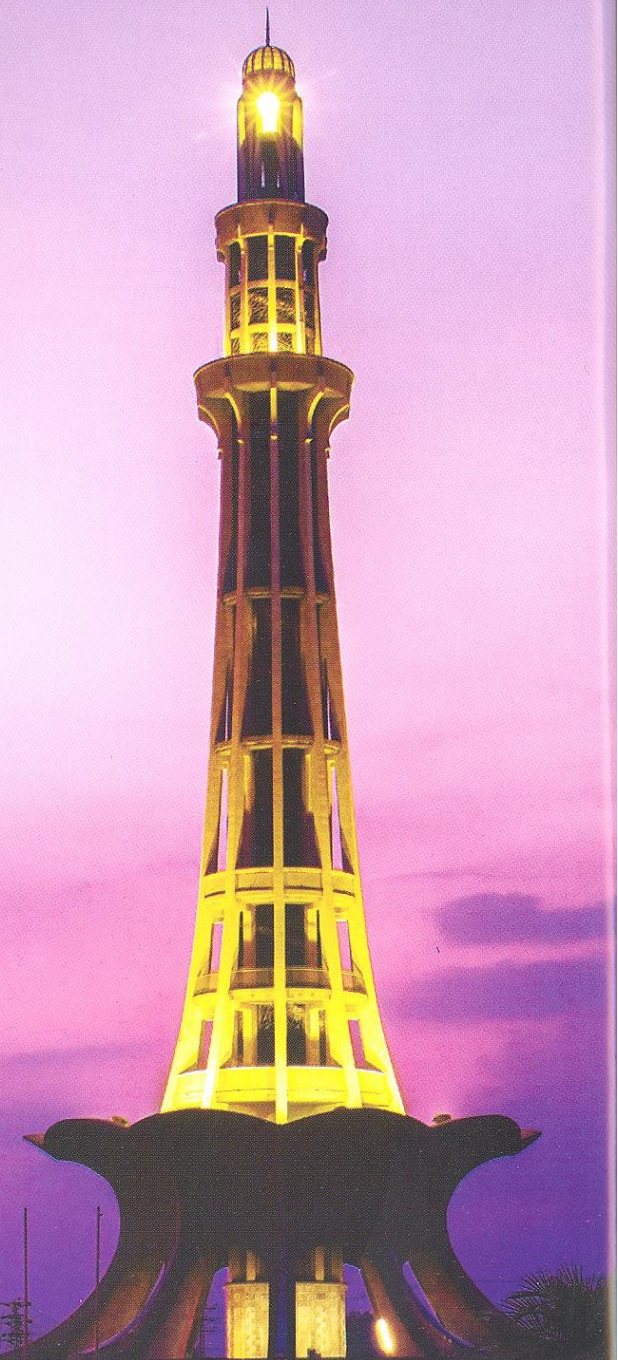

I am thankful to my team and all the members of the Pakistan Society of Cardiovascular and Thoracic surgeons for their active participation in this conference.

The scientific committee wishes you a pleasant stay at Lahore

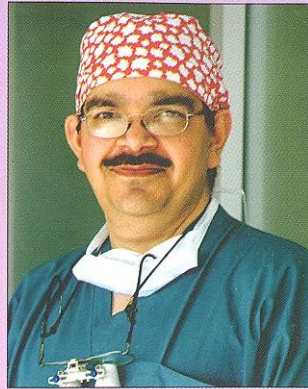

Prof. Dr. Mazhar Ur Rehman

Chief Cardiac Surgeon

PIC, Lahore.

Message

Dear Friends and Colleagues,

On behalf of the Organizing Committee, it is my great pleasure to welcome you all to Lahore to the 10th Biennial International Conference of Pakistan Society of Cardiovascular and Thoracic Surgeon .

The meeting has been designed to provide an innovative and comprehensive overview of the latest research developments in cardiology and cardiovascular and thoracic surgery , primarily in the areas of coronary artery disease, heart failure, cardiac arrhythmias and cardiac surgery.

Many distinguished cardiologists, cardiac surgeons, and perfusionists have joined the faculty and will take part in this meeting. Papers will be presented in the form of plenary sessions, symposia and posters and will include superb scientific material that was carefully selected by the Scientific Abstract Review committee from over 200 abstracts submitted for presentation at the meeting. These studies, assure that the meeting will be a major scientific event.

We would like to express our thanks to the pharmaceutical and manufacturing industry for their generous support, to Target Conferences for their excellent arrangements in all aspects of the meeting, to our dedicated staff, colleagues, friends and families for their untiring help, support and advice in planning and arranging this meeting.

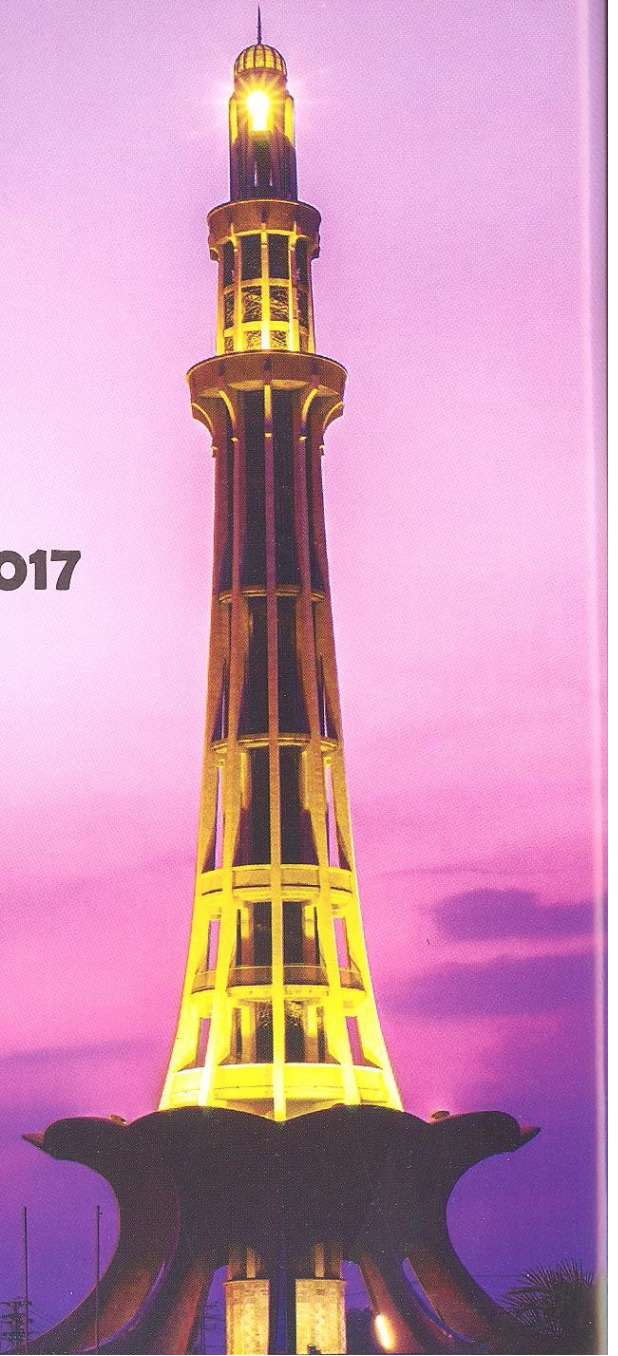

We hope that you will enjoy the meeting and that your interaction with your colleagues from many different countries will stimulate a creative exchange of ideas and will be personally rewarding. We also hope that you will enjoy your visit to the very beautiful and exciting city of Lahore, in October 2017.

Dr Ahmad Shahbaz

Chief Organizer

Programme

**10th Biennial International Conference 2017
&
Lahore Heart Summit 2017**

Conference Information

Conference venue:

The conference will be held at Pearl Continental Hotel, Lahore.

Conference language:

The official language of the conference is English. Although Urdu is the national language but English is generally spoken and understood in all major cities.

Hospitality / Reception desk at airport:

Hospitality desk will be operational at Allama Iqbal International Airport, Lahore.

The staff at the desk will receive the delegates and faculty and attend the queries and deliver the information regarding the conference.

Pick up facility will be arranged from the airport to the respective destinations, on prior request.

Registration:

Registration counters at Shalimar C Hall, Pearl Continental Hotel, Lahore will be functional on 12th of October 2017 from 8:00am to 5:30pm. Your registration will be acknowledged by a receipt of payment. The registered delegates should produce the receipt at the respective counters to collect the Delegate Kit and Badge. On site registration counter will also be functional. For on site registration, only cash will be accepted.

Delegate:

All the delegates should wear the delegate badge throughout the conference. Identification badges are mandatory and will be required for admission to the venue, conference halls, exhibition hall, food courts and dinner area.

Exhibitions:

The exhibition will be arranged in the Kohinoor area Pearl Continental Hotel.

Information desk:

There will be an information desk at the venue throughout the conference to deliver all the information regarding the conference.

Special needs:

If any delegate has a disability that requires accommodation or assistance, please contact the conference secretariat well in advance so that we can arrange necessary facilities. If any delegate has

Conference Information

special dietary needs/food allergies, please inform the requirements at the conference secretariat.

Letter of invitation:

Those delegates requiring an official letter of invitation to attend the conference secretariat. The letter in no way implies the provision of any support, finance or otherwise.

Liability disclaimer:

The organizing committee shall not be held liable for personal accident, illness, losses or damage to private property of the delegates of the conference.

Prizes:

Special prizes will be awarded.

Medical aid centre:

A medical aid centre will be functional at the venue.

Lunch and tea break:

The food court will have separate areas for vegetarian and non-vegetarian food. Entry to the food court will be restricted to the registered delegates and registered accompanying persons. Food coupons are compulsory for availing food.

Accommodation:

Organizing committee has booked some rooms in various categories of the hotel. You have to reserve the accommodation at the earliest.

Hospitality counter:

Counter will be functional at the venue, to provide services.

Preview room:

The preview room will be functional from 12th to 14th October, 2017 at the venue. The faculty and speakers should contact the preview room well in advance.

Conference secretariat:

You can contact the conference secretariat for any information and assistance regarding the conference. The conference secretariat will be functional at the conference venue from 12th October, 2017.

THORACIC SURGERY

09:00 To			Moderator Muhammad Shoaib Nabi Chairman Shahkar Ahmad Shah Expert Panel Iftikhar Hussain Khan Brig. Bilal Umair Brig. Asif Asghar Ghulam Shabir Pervez
09:30	Thoracic War injury	Amir Bilal	
09:30 To	Recent Advances in Minimal Access Thoracic		
10:00	Surgery and Lung Cancer Surgical management	Sohail Qadri	
10:00 To	Thoracic trauma update Dubai trauma center experience. It is powered point presentation for 25-30 mins.	Hosam Eid	
10:30	Feeding jejunostomy as a life	Col. Farhan Ahmed Majeed	
10:30 To	line for esophageal surgery	Ahmad Ali	
10:40	Experience of rib fixation in 22	Col. Farhan Ahmed Majeed	
10:40 To	blunt chest trauma patients		
11:00			

11:00 TO 11:30 Tea Break

11:30 To	An experience of 52 cases of tracheal stenosis	Col. Farhan Ahmed Majeed	Moderator Muhammad Shoaib Nabi Chairman Jawad Sajid Khan Expert Panel Iftikhar Hussain Khan Col. Farhan Ahmad Majeed Hosam Eid Lt.Col. Ahmad Raza
11:50	with primary resection & anastomosis		
11:50 To	Experience of 23 cases of total	Col. Farhan Ahmed	
12:10	laryngo-pharyngo-esophagectomies	Majeed / Ahmad Raza	
12:10 To	Experience of different procedures of	Col. Farhan Ahmed	
12:30	52 chest wall malignant masses	Majeed	
12:30 To	Experience of VATS	Col. Farhan Ahmed Majeed	
12:50	thymectomy with OLV	Lt. Col. Kamran Raheem	
12:50 To	Bifid Stomach tube; new conduit	Muhammad Kaleem Ullah	
01:10	as neo-esophagus		

10th Biennial International Conference

01:00 TO 02:30 Lunch/Prayer

02:30 To	13 year's experience of management of	Iftikhar Hussain Khan	Moderator Lt. Col. Farhan Ahmad Majeed Chairman Amir Bilal Expert Panel Brig. Bilal Umair Brig. Asif Asghar Hosam Eid
02:50	corrosive intake at Nishtar Hospital Multan		
02:50 To	A comparison of laparoscopic modified Heller's	Col. Farhan Ahmed Majeed	
02:50 To	cardiomyotomy with trans abdominal	/Tashfeen Imtiaz	
03:10	Heller's cardiomyotomy and Dor's patch		
03:10 To	Tracheal resection and reconstruction:	Muhammad Kaleem Ullah	
03:10 To	Nishtar experience of 56 cases		
03:30	Traumatic diaphragmatic rupture.	Amer Bilal	
03:30 To	Experience of 336 cases over 15 years		
04:00			

40:00 TO 04:30 Tea Break

04:30 To	To compare the outcome of surgical	Amer Bilal	Moderator Muhammad Kaleem Ullah Chairman Brig Asif Asghar Expert Panel Amir Bilal Brig. Bilal Umair Hosam Eid Lt. Col. Farhan Ahmad Majeed
04:30 To	resection for bronchiectasis with and		
04:50	without intercostal muscle flap.		
04:50 To	Surgical resection of pulmonary Hydatid.	Amer Bilal	
05:10	Experience of 819 cases over 15 years period		
05:10 To	Surgical intervention in treatment	Amer Bilal	
05:10 To	failure MDR tuberculosis		
05:30	Primary repair of esophageal perforation.	Amer Bilal	
05:30 To	Experience of 81 cases		
05:50	Outcome of surgical management of	Amer Bilal	
05:50 To	bronchiectasis. Experience of 1809 cases		
06:10	Malignant Mesothelioma – An Under Diagnosed	Shoib Nabi Buzdar	
06:10 To	Entity Review of 12 cases of Malignant Mesothelioma		
06:30

History Of Lahore

Mughal Empire

Main article: Mughal period in Lahore

Further information: Mughal Empire

Entrance of the Badshahi Mosque or Emperor's Mosque built by the Mughal Emperor Aurangzeb.

The Alamgiri Gate is the main entrance to the Lahore Fort built during the reign of Aurangzeb.

Lahore reached a peak of architectural glory during the rule of the Mughals, whose buildings and gardens survived the hazards of time. Lahore's reputation for beauty fascinated the English poet John Milton, who wrote "Agra and Lahore, the Seat of Great Mughal" in 1670.[15]

From 1524 to 1752, Lahore was part of the Mughal Empire. Lahore touched the zenith of its glory during the Mughal rule from 1524 to 1752. The Mughals, who were famous as builders, gave Lahore some of its finest architectural monuments, many of which are extant today.

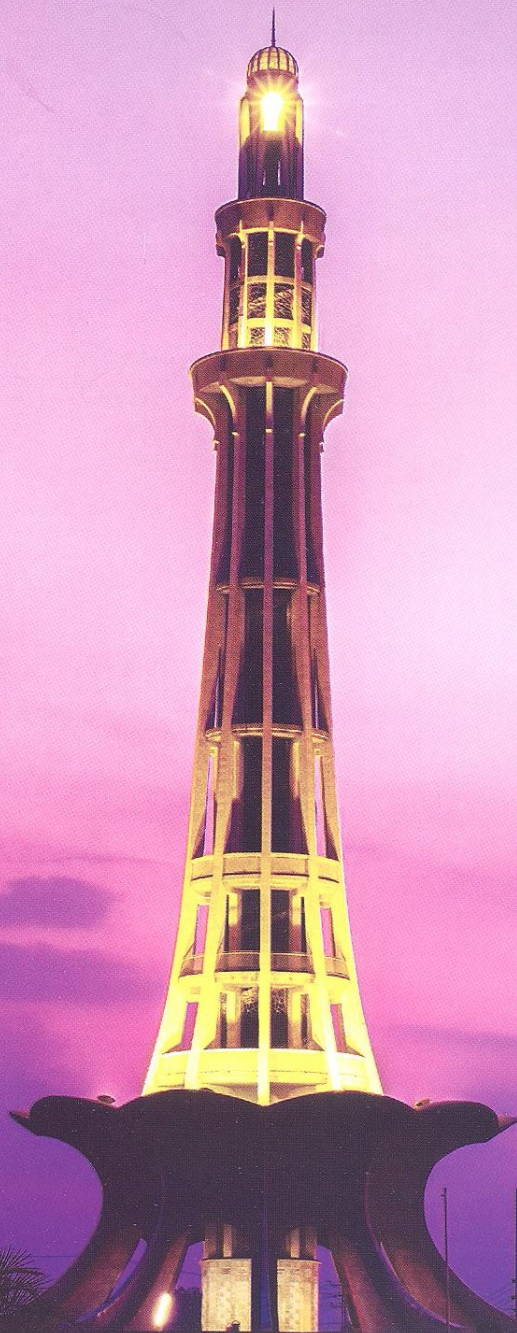

Emperor Aurangzeb seated on a golden throne holding a hawk in the Durbar.

From 1524 to 1752, Lahore was part of the Mughal Empire. Lahore grew under emperor Babur; from 1584 to 1598, under the emperors Akbar the Great and Jahangir, the city served as the empire's capital. Lahore reached the peak of its architectural glory during the rule of the Mughals, many of whose buildings and gardens have survived the ravages of time. Lahore's reputation for beauty fascinated the English poet John Milton, who wrote "Agra and Lahore, the Seat of the Great Mughal" in 1670.[15] During this time, the massive Lahore Fort was built. A few buildings within the fort were added by Akbar's son, Mughal emperor Jahangir, who is buried in the city. Jahangir's son, Shahjahan Burki, was born in Lahore. He, like his father, extended the Lahore Fort and built many other structures in the city, including the Shalimar Gardens. The last of the great Mughals, Aurangzeb, who ruled from 1658 to 1707, built the city's most famous monuments, the Badshahi Masjid and the Alamgiri Gate next to the Lahore Fort.

During the 17th century, as Mughal power dwindled, Lahore was often invaded, and government authority was lacking. The great Punjabi poet Baba Waris Shah said of the situation, "khada peeta wahy da, baqi Ahmad Shahy da" — "we have nothing with us except what we eat and wear, all other things are for Ahmad Shah". Ahmad Shah Durrani captured remnants of the Mughal Empire and had consolidated control over the Punjab and Kashmir regions by 1761.[16]

The Delhi Sultanate and later Mughal Empire ruled the region. The Lahore region became predominantly Muslim. Due to missionary Sufi saints whose dargahs dot the landscape of Punjab region, and to the efforts of Mughal emperors, whose policies and forced religious conversions discouraged the growth of other religions.[17]

The 1740s were years of chaos, and the city had nine different governors between 1745 and 1756.

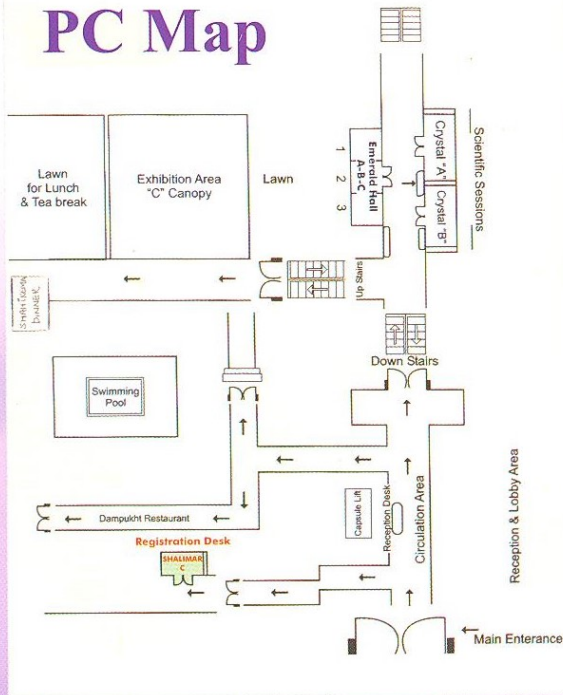

Tour

Lahore sightseeing Bus Service:

Lahore has been cultural hub of Pakistan and offers great places to visit. Double Decker bus services with name of "Sightseeing Lahore", is initiative of TDCP (Tourism development corporation of Punjab) to promote tourism in city of Lahore. As per plan, initially two open roof double decker buses have been planted for guided tour of magical city of historical Lahore. In second phase three more buses are expected to be added to fleet of buses. We are best in Family Pakistan tours and Honeymoon Tour Packages from Pakistan .
